

**Mr. Jeremy Rich, Managing Partner**  
**Space Lettings**  
**UK**

1. What all assessments/tests have you used of Central Test?

We have used the Big 5 test but may adopt further tests in the future. We ensure it is used for all candidates that are interviewed for a second time. It has proved particularly useful in assessing how the candidate would fit within our organisation.

2. How did you like the quality of the tests?

The test was very simple but results seem to be reliable. Existing staff have taken the tests and we have assessed the tests against the known personalities. They have been pretty accurate to date.

3. Your personal opinion about our assessments and our organization?

Assessments are accurate and excellent customer service. Very simple to use tests.
