

Measure a person's dominant personality traits

The **Big Five Profile** is based on the Five Factor model, identifies an individual's dominant personality traits. It does so by measuring five dimensions of personality, all of which have a major impact on behaviour. Since these traits remain relatively stable throughout a person's lifetime, this assessment is suitable for both adults and adolescents.

All job categories and levels

English, French, Spanish, German, Dutch, Arabic, and Malagasy

15 sets of 4 statements, ranked from 1 to 4

7-10 minutes
