- General description

Reveal your candidate's talents through the pre-recorded video interview

Give your candidates the opportunity to express themselves beyond their resume. Make a finer pre-selection of your candidates and be sure not to miss the hidden gem by reviewing a larger number of candidates.

Any position in any sector of activity

French, English, Spanish, German

Questions and answers in video, audio and text

3 min max per answer

OBJECTIVES

- Screening
- Recruitment
- Internal mobility
- Skills audit

KEY FEATURES

- Your assessment tools and your interviews on the same interface
- Intelligent interviews combining video, audio and text
- Time saving and efficiency in candidates screening
- Reduce the costs of recruitment
- Improved candidate experience and enhance your employer brand

An intuitive video solution, fully customisable and easy to use

1

The recruiter adds his questions on the platform and chooses the format (video, audio, text) as well as the response time.

2

Candidates connect to the interface via an invitation and answer the questions posed by the recruiter.

3

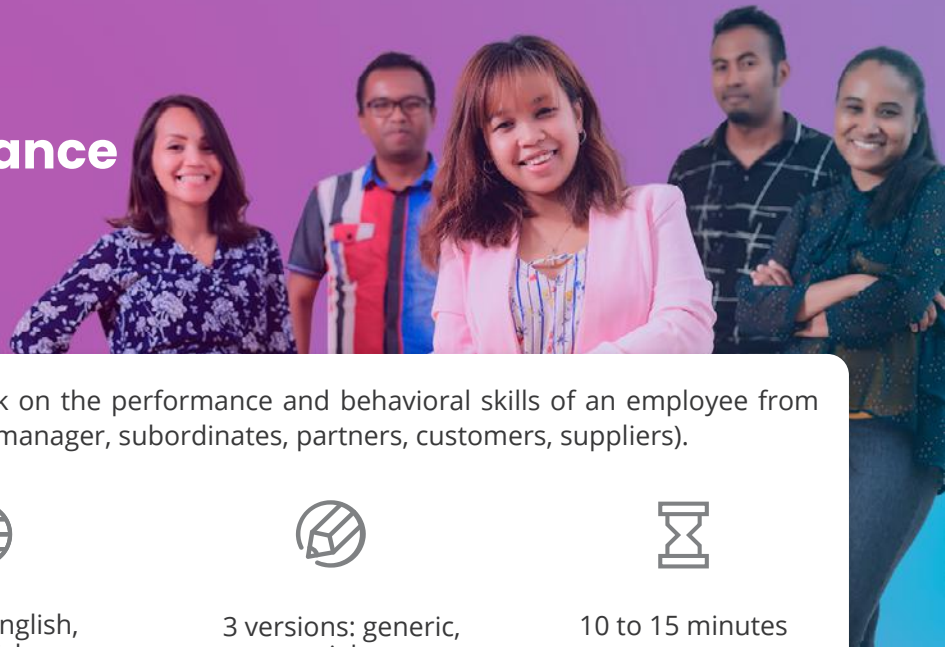

The recruiter is alerted when the interview is over and can view and listen to the answers. He can then compare the candidates profiles in the Talent Matcher.

4

The recruiter also has the opportunity to invite other evaluators to give their opinion of the candidates.

Develop the performance and skills of your employees

360 Feedback helps you collect feedback on the performance and behavioral skills of an employee from their co-workers and professional peers (manager, subordinates, partners, customers, suppliers).
